INTRODUCTION

The safety of our PoMoArts community is our top priority. To ensure a healthy, creative and safe environment for everyone, we have developed this COVID-19 Safety Plan following the guidance (and health orders) of the BC Ministry of Health, BC Centre for Disease Control, Fraser Health, the BC Ministry of Education, Work Safe BC, School District No. 43 and the City of Port Moody.

We extend our sincere gratitude for your support. These are challenging times, but with your cooperation, we can ensure that every effort is made to keep our community safe.

This plan was updated on Dec. 22nd 2020 and will remain in effect as long as mandated by public health authorities. We are closely monitoring the situation and will adapt our safety protocols as required. Any updates will be posted to our website.

OVERVIEW

PoMoArts is open and operating across two buildings (our traditional facility located at 2425 St. Johns St. and Kyle Centre located at 125 Kyle Street - see [Site Map](#) for details), offering the following in-person activities:

- Visits to the Gallery & Blackberry Artists Gift Shop
- In-person arts education classes (visual arts, ceramics, instrumental music lessons)
- In-person Pro D Day and Spring/Summer Art Camps
- In person registration/inquires *

PoMoArts also continues to offer online arts education classes for those that prefer an at-home creative experience. Voice music lessons are currently only offered online.

Our Rental, Birthday Party, After-Camp Care and paid Drop-In Ceramic Open Studio programs will remain closed. Open Studio will be available for registered ceramic students within scheduled time slots and assigned workstations (details on how to book a slot will be sent directly to all registered students).

**We encourage the public to continue to make inquiries/registrations over the phone (604.931.2008 ext. 0) or by emailing us at info@pomoarts.ca. However, in-person service will be available if needed.*

IN THE EVENT OF A CLOSURE

a.) Short Term Closure

In the event that public health authorities mandate a short term closure, music lessons, and visual arts classes will immediately move online, maintaining the planned schedule of lessons. SAFETY PRACTICES

I. HEALTH VERIFICATION & SCREENING

a.) Employees, Volunteers, Tenants:

All Employees, Volunteers and Tenants are required to self-monitor daily for the development of symptoms associated with COVID-19 and sign a pandemic health certification form daily, prior to moving through our facilities. If symptomatic, they must stay at home.

b.) Students:

At Time of Registration:

Students (or parents/guardians if under 19 years) must certify that they are not experiencing any symptoms associated with COVID-19, and/or have not returned from travel outside of Canada in the last 14 days; and/or have not been identified as a close contact of a confirmed case or outbreak of COVID-19.

After Registration and for the Full Duration of the Class:

Students (or parents/guardians if under 19 years) must self-monitor daily for the development of any symptoms associated with COVID-19 and if symptomatic, **MUST** stay at home. Our withdrawal and refund policies have been adjusted to allow students experiencing symptoms to stay at home without incurring any financial penalty (See [PoMoArts Program Policies](#) for details).

Screening Prior to Entering Classroom:

Instructors will conduct a Health Check (see [Health Verification Check](#)) prior to allowing students entry into the classroom. Students (or parents/guardians on behalf of students under 19 years) who answer yes to any of the questions, will **NOT** be permitted entry.

**Note: If symptoms are the result of allergies or another medical condition, students (or parents/guardians if under 19 years) must notify PoMoArts at least 3 days prior to the class start date AND take the necessary medication/treatment to manage symptoms during class. PoMoArts reserves the right to ask anyone experiencing COVID-19 symptoms at our facilities to leave at our discretion, regardless of prior notification of allergies or other medical conditions in the absence of accompanying medical certification.*

c.) Gallery and Other Public Visitors:

All visitors are expected to self-monitor for symptoms of COVID-19. Those experiencing symptoms, and/or returning from travel outside of Canada in the last 14 days, and/or who have been identified as a close contact of a confirmed case or outbreak of COVID-19, are **NOT** permitted into our facilities.

- The symptomatic individual will be given a new mask if needed, hand sanitizer, and all windows in the isolation area will be opened. The accompanying employee will wear a mask and other designated PPE and stay 2 meters/6 feet from the symptomatic individual.
- The employee will stay with the symptomatic individual and fill out a PoMoArts Incident Report. This information may be required by public health authorities later on.
